Parents Tips

Preparation is the key to success for a school ski trip.

Please ensure that student information required for the trip e-Roaster is filled out accurately and submitted, via the trip organizer, as soon as possible.

The secret to winter fun is dressing properly for the weather. Dress in layers to keep warm and stay dry and comfortable on the snow.

Helmets are required for skiing and snowboarding and are included in your child's rental price.

Parents wishing to join their children on their outing are welcome and encouraged!
